

HYGARD POLYCARBONATE

HYGARD Polycarbonate is an advanced multi-layer glazing solution engineered for high-security, high-impact and high-durability applications. Constructed with layers of extruded Polycarbonate and encapsulated between TUFFAK® AR hard-coat technology, **HYGARD Polycarbonate** delivers exceptional ballistic, forced-entry and impact performance while maintaining optical clarity, resistance to yellowing and long-term surface integrity.

KEY FEATURES

- 10 year warranty
- No spall & bullet resistant
- Resistance to yellowing
- Lightweight - 50% lighter than laminated glass
- Hard-coated surfaces
- Excellent optical clarity
- High chemical & abrasion resistant

PRODUCT APPLICATIONS

- Protective & security glazing
- Machine guards
- Safety shields
- Secure transaction booths
- Airport & transportation spaces
- Prison & detention centres
- Retail security display cases
