PROPIEDADES · PROPERTIES

MARCADO · MARKS

- ///

Ligeras marcas visibles después de una intensa utilización.
Noticeable slight marks after heavy use.
- ///

Ligeras marcas visibles según condiciones específicas de iluminación después de una intensa utilización.
Slight marks after heavy use, noticeable in specific lighting conditions.
- ///

Ligeras marcas poco visibles según condiciones específicas de iluminación después de una intensa utilización.
Minor marks after heavy use, slightly noticeable in specific lighting conditions.

RESISTENCIA UV · RESISTANCE TO UV RAYS

- *

Cambio de color superior a un 10ΔE en 10 años.
Colour change of over 10ΔE in 10 years.
- **

Cambio de color de 5ΔE a 10ΔE en 10 años.
Colour change of 5ΔE to 10ΔE in 10 years.
- ***

Cambio de color inferior a un 5ΔE en 10 años.
Colour change of less than 5ΔE in 10 years.
- ~

Ensayos de larga duración en los que todavía no hay resultados concluyentes.
Tests conducted over a long period of time. No conclusive results available as yet.

TERMOCURVADO · THERMAL BENDING

- ~

Alta capacidad de termocurvado, el material puede curvarse en dos dimensiones hasta el radio mínimo de curvado indicado en el manual del transformador.
Good potential for thermal bending, the material can be 2-dimensionally bent up to the minimum radius of curvature shown in the fabricator's manual.
- ~25"

Elevada capacidad de termocurvado, alcanzando formas tridimensionales, teniendo en cuenta que al realizar diseños extremos se puede llegar a apreciar un ligero blanqueamiento en la zona curvada.
High potential for thermal bending, allowing for the creation of 3-dimensional shapes, although in the case of extreme designs, a slight whitening might be noticeable near curved sections.
- ~25"~25"

Elevada capacidad de termocurvado, alcanzando formas tridimensionales. Se pueden realizar diseños extremos sin apreciarse blanqueamiento en la zona curvada.
A high potential for thermal bending, allowing for the creation of 3-dimensional shapes. Extreme designs can be made with no noticeable whitening near curved sections.

* La clasificación de termoforado que se muestra es apta a partir del lote UC01 · The thermoforming rating shown here is applicable as from batch no. UC01.

TRANSLUCIDEZ · TRANSLUCENCE

- 

Color con una translucidez superior que permite la retroiluminación.
Colour with a higher translucence when backlit.
- 

Color que posee un contenido en material reciclado.
Colour containing some recycled material.

- 

El aspecto y color de las piezas puede presentar ligeras diferencias respecto a las originales.
The appearance and colour of the models may vary slightly with regard to the originals.
