

MIRROR ACRYLIC

Mirror Acrylic offers the reflective beauty of traditional glass mirrors with enhanced safety and versatility. Lightweight and shatter-resistant, it's ideal for interior design, retail displays, signage, furniture and decorative applications. Its smooth, polished surface delivers clear reflections while remaining durable and impact-resistant, making it the perfect balance of functional and creative solutions.

KEY FEATURES

- Mirror-like appearance
- Lightweight
- Simple to cut
- Shatterproof mirror

PRODUCT APPLICATIONS

- Signage
- POS displays
- Commercial & retail fit-out
- Feature wall
